JTIS-M-52-11

10 October 1952

MEMORANDUM FOR ASSISTANT DIRECTOR, CENTRAL INTELLIGENCE AGENCY,  
OFFICE OF RESEARCH AND REPORTS

Subject: Liaison Between the Central Intelligence Agency  
and the Joint Technical Intelligence Subcommittee  
Working Groups

1. The Joint Technical Intelligence Subcommittee (JTIS) of  
the Joint Intelligence Committee (J.I.C.), has established, among  
others, Working Groups in the following technical intelligence  
fields:

- 25X1A JCS  
(a) Military Electronics Working Group (MEWG) 25X1 JCS  
(b) [REDACTED] Working Group [REDACTED] JCS

2. As advocated in DCID 3/4, a close liaison between the JTIS  
Working Groups and the Central Intelligence Agency (CIA) appears  
to be highly desirable and mutually advantageous. Accordingly  
an invitation inviting the designation of a CIA representative to  
each JTIS Working Group for the purpose of maintaining liaison  
was forwarded to the Assistant Director, CIA, Office of Scientific  
Intelligence.

25X1B4d  
3. The Assistant Director CIA/OSI designated CIA representatives  
to all JTIS Working Groups except [REDACTED]  
Working Group which was included in our invitation to him in error,  
inasmuch as CIA responsibility for that program is in the Office  
of Research and Reports. Dr. Chadwell did not designate an  
alternate representative to the Military Electronics Working Group  
but included the following in his memorandum to us; "With  
particular reference to the Military Electronics Working Group, it  
is our suggestion that an invitation be extended to the Office of  
Research and Reports as, in our opinion, [REDACTED]  
would be an excellent choice for alternate to [REDACTED] if  
his duties permit him to accept the invitation."

4. You are cordially invited to designate an alternate representative to the Military Electronics Working Group, and a representative and alternate, if desired, to [REDACTED] Working Group. Clearance requirements in the Working Group include Top Secret and Special. If you will send me the names of your designees together with a statement of clearance status and telephone extension, the Chairman of the Working Group will advise his liaison representative of the time and place of meetings.

  
S. WHIPPLE, JR.  
Colonel, USA  
Chairman, Joint Technical  
Intelligence Subcommittee
